Dear Homeowner,

Whether your home in Surfside is your permanent residence or a second home, we want you to know home watch services are available to you with no annual contracts.

As we all know, life on the coast has been a little chaotic lately and we hope to be able to help you protect your investment when you cannot be there.

- **Catch storm, animal & leak damage early** – Small problems can swiftly turn into larger and more costly repairs.
- **Deter vagrancy and property damage** – Keeping regular visits to the home is less appealing to those who think they can just make themselves at home (in your home) with no consequences.
- **Ensure the inner workings of your home are in good repair** – Appliances, hardware & fixtures such as water heaters never pick a convenient time to go out.

Rest Assured also offers additional ad hoc services both while you're away and before you return. Get immediate reports, pictures of the entire property and recommendations with every visit. Pricing plans are based on the number of visits per month and there is never an annual contract. Please visit our website at <https://www.restassuredhomewatch.com> or call us at 360.214.0950 with any questions. We look forward to serving you.

Sincerely,
Rest Assured Home Watch
